

# Get Ready for BINGO!

Thank you for your registration! Here's everything you need to know to prep your team for a night of fun!

## What You Need to Know

ACEC NE, Engineers Club of Omaha and Engineers Club of Lincoln are excited to have your participation in this annual event. The goal is to raise money for engineering scholarships while networking and having fun with engineers and industry friends.

## Who Will Be There?

The entire engineering industry is welcome! Most tables are reserved by engineering firms and industry partners bringing colleagues, staff, significant others and clients as their guests.

## What Will We Do?

The night starts with a cocktail at 5:00 PM. A buffet-style dinner will be served at 7:00 PM. Bingo will follow. This isn't just any old game of Bingo, though! At this 21 and over event, you can expect guest callers, activities between rounds, exciting prizes and more. This is an all-play, no-work event - so expect an evening full of fun and laughter.

Need a refresher on Bingo rules? [CLICK HERE.](#)

## Plan Your Team and Table Look!

Take the opportunity to set your team and table apart! 'The Good Life' theme may be incorporated in your design, but is not required. Your team is also encouraged to dress in theme!

Tables are round and seat 10. Tablecloths and napkins are provided. Your decorations may include centerpieces, balloons, tabletop and chair decorations, etc. The venue does not allow helium balloons (non-helium are allowed), glitter, confetti, flower petals, open flame, fog machines or pyrotechnics.

## Get more Bang for your Buck!

We have several sponsorship opportunities available. Inquire today!

## Calling All Volunteers!

We're looking for volunteers to plan and support day-of activities. If you're interested, please contact us!

Contact Jeanne McClure at [Jeanne@acecnebraska.org](mailto:Jeanne@acecnebraska.org) with any questions and for more information!

Thank you for registering to attend this Good Life Bingo event! ACEC NE, Engineers Club of Omaha and Engineers Club of Lincoln are dedicated to improving the impact of the engineering community on our community. One of the most important programs across these organizations is to support the College Student Assistance Program. Annually, these organizations provide thousands of dollars in support to the educational endeavors of engineering students from the Nebraska area and with your help, we can do more!

## Event Details

Friday, February 28, 2025

5:00 Cocktails

7:00 Dinner + Bingo

Lincoln Station Great Hall  
201 N 7th Street, Lincoln

## Play Responsibly!

We aim for a very fun night, but remember to play responsibly! Consider using a rideshare service for a safe trip home, or make it a night to remember by booking at one of the several hotels within walking distance.
