

Thank you for your interest in sponsorship opportunities for the 3rd Annual Good Life Bingo event! ACEC NE, Engineers Club of Omaha and Engineers Club of Lincoln are dedicated to improving the impact of the engineering community on our community. One of the most important programs across these organizations is to support the College Student Assistance Program. Annually, these organizations provide thousands of dollars in support to the educational endeavors of engineering students from the Nebraska area and with your help, we can do more!
